

see what Delta can do™

BEAUTIFUL & DURABLE

For over five decades, we've been creating stylish, sturdy products featuring breakthrough technologies. That combination of exterior and interior beauty has made us a known and trusted brand—one whose dedication to service matches our passion for innovation.

KITCHEN	PG. 18
BATH	PG. 62
SHOWER	PG. 154

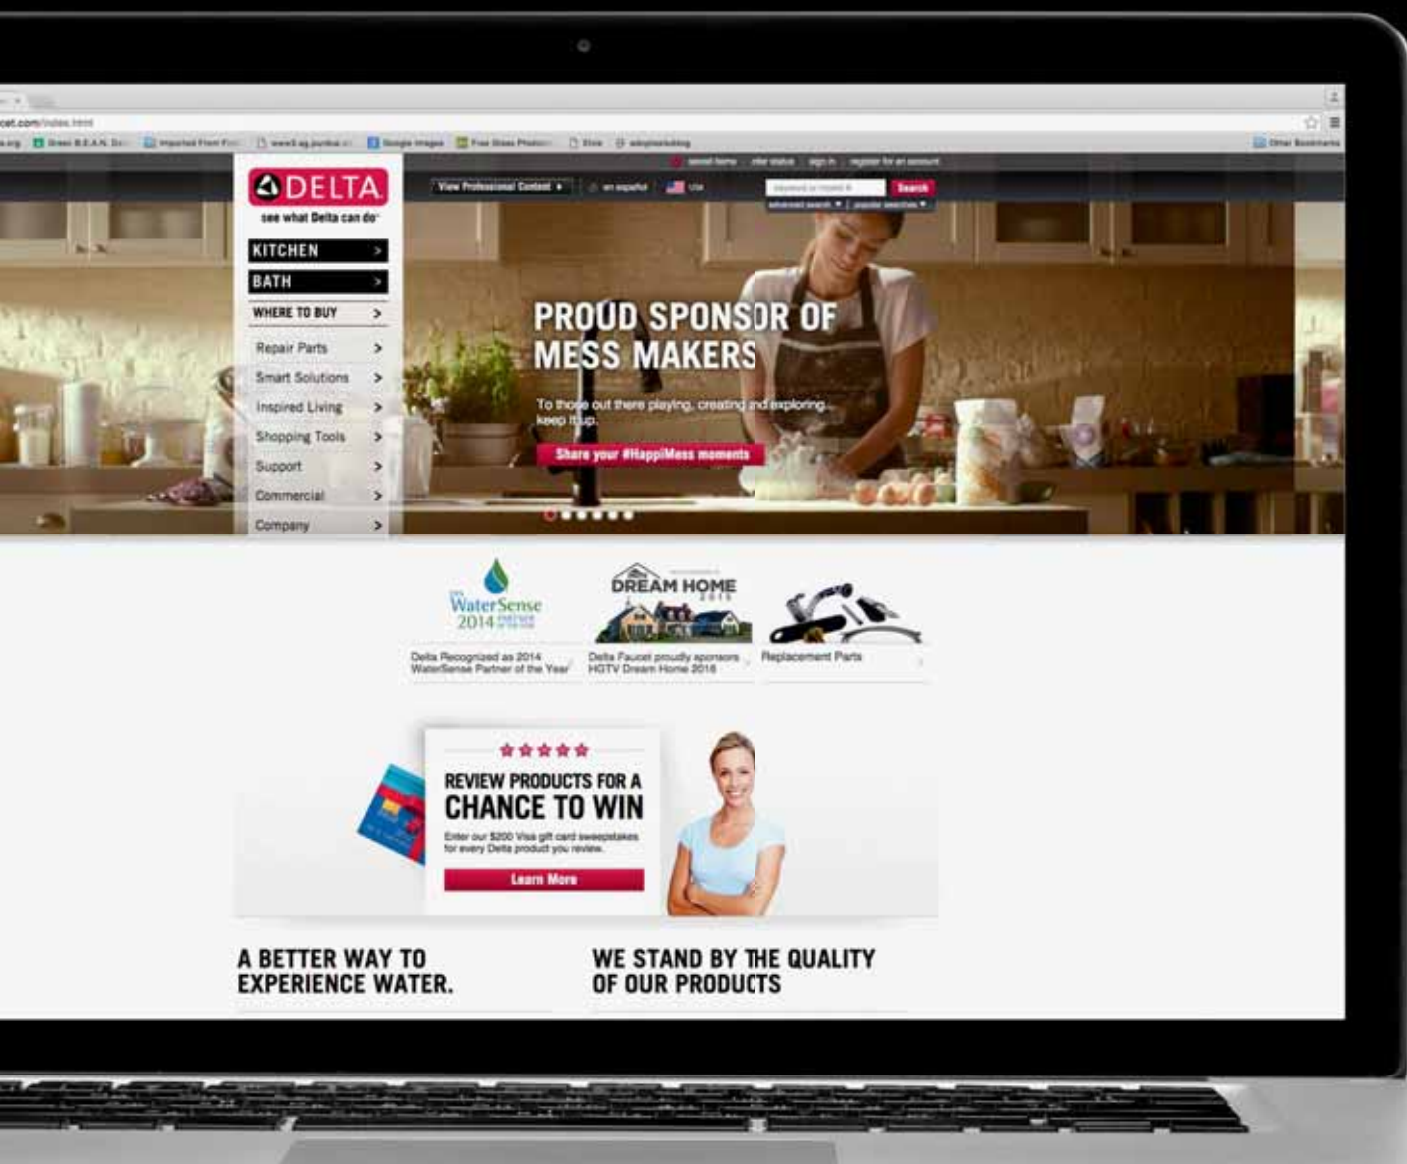

CONVENIENT & USEFUL

We're as innovative online as we are
in your kitchens and bathrooms.

Whether it's a helpful app or a web page that serves as your digital muse,
the Delta® brand has an online presence that's every bit as transformative
as our faucets and accessories.

Our Delta® Vision app pairs virtual faucets with real-world sinks.

Wondering how that Delta kitchen or bath faucet would look in your home? There's no need to depend on imagination alone. Download our Delta Vision app, take a photo of your sink and counter, choose a faucet, and digital magic will put them together. Find it where you download your favorite iPad® apps.

Life

DO YOU KNOW THESE BATHROOM MESS MAKERS?
... or worse, are you one of them?

Both Ideas

SHOWER SECRETS OF STAR ATHLETES

When you sweat for a living, you're bound to have an interesting—and slightly eccentric—bathing routine.

Recipe

RECIPE: SORGHUM OAT BREAD

Both Ideas

8 HOMEMADE SUGAR SCRUBS TO MAKE AND GIVE (OR KEEP!)

Inspired Living makes it easy to add inspiration.

Inspired Living (deltafaucet.com/inspiredliving) is an innovative, helpful online resource filled with fresh ideas for your home. Professionals can find business tips and inspiration too, at Inspired Pro (deltafaucet.com/inspiredpro).

Here's how to find the smart features we've added to our products.

Whether you're looking for MagnaTite® Docking or DIAMOND™ Seal Technology, the icons below will help you identify any product's features simply and quickly.

DIAMOND™ Seal Technology

InnoFlex® PEX Waterways

DIAMOND™ Valve

EZ Anchor®

MagnaTite® Docking

New Product For 2016

Water-Efficient Product

Kitchen Faucets: flow rate of 1.5 gpm or 1.8 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.

Lavatory Faucets: flow rate of 1.5 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.2 gpm.

Showerheads and Handshowers: flow rate of 1.5 or 2.0 gpm versus Industry Standard ASME A112.18.1/CSA B125.1 of 2.5 gpm.

WaterSense® Labeled Product—More than 80% of Delta® bath suites feature showerheads, handshowers and faucets that meet WaterSense requirements.

WaterSense® is a registered trademark of the U.S. Environmental Protection Agency.

Delta faucets are compliant with all federal and state drinking water legislation.

Finishes for your faucets.

Our products are available in a range of finishes, so you can complement any kitchen or bathroom décor with added warmth, texture, depth and color.

REVOLUTIONARY & RATIONAL

Touch₂O[®] Technology.

Sometimes your hands could use a hand.

Touch₂O Technology lets you start water flowing with a light tap anywhere on the spout or handle. It's a technology that gives you more convenience while using less water—and lets you control temperature without having to go under the sink.

FUNCTIONAL & FLEXIBLE

MultiChoice® Universal Rough-In.
Get maximum flexibility with minimum effort.

Once our MultiChoice Universal Rough-in is installed, future shower function upgrades or style changes can be made easily, without altering the plumbing behind the wall. The MultiChoice rough works with all kinds of shower valves—whether you want to control just the temperature or keep temperature and volume controls separate for maximum flexibility.

INDULGENT & INGENIOUS

H₂Okinetic[®] Technology.

The feeling of more water. Without using more water.

An H₂Okinetic shower provides a shower experience like no other, sculpting water into a unique wave pattern that delivers more warmth, more intensity and 3X the coverage.* The internal system controls the water's speed, movement and droplet size, creating the feeling of more water without using more water.

Look for these icons to find water-efficient products that might feature H₂Okinetic Technology.

*Coverage measured in accordance with EPA WaterSense[®] Specification for Showerheads, March 4, 2010.

EFFICIENT & SECURE

MagnaTite® Docking.

Keeps pull-down spray wands securely in place.

When the pull-down spray wands of other faucets begin drooping over time, Delta® faucets stay picture-perfect thanks to MagnaTite docking. Once the wand is docked, a powerful magnet keeps the wand precisely in place.

Look for this icon to find products with MagnaTite docking.

STABLE & PERMANENT

DIAMOND™ Seal Technology.
Reliability that lasts a lifetime.

DIAMOND Seal Technology starts with our DIAMOND™ Valve. When paired with InnoFlex® PEX waterways, it creates an amazingly durable, reliable and revolutionary water delivery system—one that requires no lubrication and eliminates wear on the seals, ensuring smooth operation for the life of the faucet.

Look for these icons to find products with DIAMOND Seal Technology.

SECURE & SAFE

Temp₂O[®] Technology.

Take the guesswork out before you get in.

Handshowers, showerheads and tub and shower fixtures equipped with our Temp₂O Technology let you know the temperature of your water before you (or your family members) get in. A built-in color indicator changes from blue to magenta to red—letting you know at a glance when the water is safe and comfortable.

PRACTICAL & VERSATILE

In2ition® Two-in-One Shower.
Water where you need it most.

The In2ition shower features a detachable handshower, which can run separately from or simultaneously with the showerhead, giving you the warmth and flexibility of two streams of water at once. Enjoy the comfort of water streaming from the showerhead position, while the handshower offers the flexibility to accomplish other tasks, such as bathing your children, washing your pet and keeping your shower clean. When you're finished, simply slip the handshower back into place on the showerhead.

INTUITIVE & EFFECTIVE

Touch₂O_{.xt}[®] Technology.

Touch it on. Touch it off. Or go completely hands-free.

Touch₂O[®] Technology lets you start water flowing with a light tap anywhere on the spout or handle. Turn on hands-free Touch₂O_{.xt} Technology, and the entire faucet acts as a sensor, starting water flow automatically when hands get within four inches and stopping when hands are removed.

SUSTAINABILITY

MINDFUL & EFFICIENT

Saving water—one faucet at a time.

For years we have led the industry in sustainability by using environmentally responsible manufacturing processes and creating newer, greener technologies and products.

We have also partnered with the EPA WaterSense® Program to protect and conserve our nation's water supply. We were honored to be named as the WaterSense Manufacturer Partner of the Year in 2011, 2013 and 2014—and as a WaterSense Sustained Excellence Award Winner in 2015.

INDEPENDENT & EASY

Our universal design solutions offer safety with style.

For more than half a century, Delta® Faucet has studied the daily relationships between people and water. Our observations have led to the discoveries of unspoken needs—and from there, to the creation of groundbreaking styles and technologies.

Through our broad array of product innovations, we continue to make a difference for people of all ages and abilities, in all settings: helping their interactions with water to become more accessible, more enjoyable, and more transformative.

UNIVERSAL DESIGN

FUNCTIONAL & VERSATILE

Part kitchen faucet, part kitchen assistant.

In addition to stunning designs, we incorporate innovations such as Touch2O® Technology, MagnaTite® Docking and DIAMOND™ Seal Technology—adding convenience and dependability to cooking and cleaning.

PURE & SERENE

We create spaces that clean bodies. And clear minds.

Any faucet or shower can get rid of dirt. Adding evocative styles and groundbreaking technologies turns your bath into a refuge—a calming retreat that removes both messes *and* worries.

RELAXING & TRANSFORMING

We're re-thinking refreshing.

There are few experiences more personal than a shower. Now, the Delta® brand is making that experience even more customized with technologies such as the MultiChoice® Universal Rough-in, the HydraChoice™ Body Spray System, Temp2O® Technology and H2Okinetic® Technology.

**Like changing the look of your shower?
Our MultiChoice® Universal Rough-in lets
you keep your options open.**

Installing the Delta® MultiChoice rough means you can more easily change your shower trim or function in the future—without having to alter the plumbing behind the wall. Whether you want the security of a pressure-balanced cartridge or the precise temperature control of thermostatics, MultiChoice Universal makes it easy.

Single-Function Pressure-Balanced— Control Temperature

- Single control for temperature only
- Temperature is achieved by balancing the pressure of hot and cold water*
- Cartridge included with all Monitor® 13 and 14 Series shower trims

Dual-Function Pressure-Balanced— Control Temperature & Volume

- Control temperature and volume independently
- Temperature is achieved by balancing the pressure of hot and cold water*
- Temperature can be set to remain consistent shower after shower
- Cartridge included with all Monitor 17 Series shower trims

Dual-Function Thermostatic— Control Temperature & Volume

- Control temperature and volume independently
- Keeps precise water temperature ($\pm 3.6^\circ$) by measuring, monitoring and automatically adjusting the water mix
- Temperature can be set to remain consistent shower after shower
- Cartridge included with all TempAssure® 17T Series shower trims

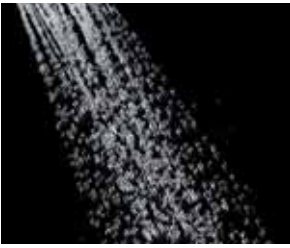

*When the inlet temperature limit stop is set correctly, and the water inlet temperature remains constant.

LUXURIOUS & FLEXIBLE

Our range of showerhead and handshower spray patterns provides you with the exact shower experience you're looking for. To identify spray settings on products in the bath and shower sections, look for these icons.

Adjustable Full Body Spray (AF)
Adjust the water flow for a harder or softer spray.

Adjustable H₂Okinetic® Spray (AH₂O)
Allows for full flow or water-efficient spray.

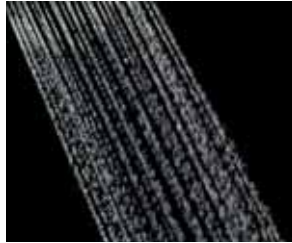

Crossing Full Spray (CF)
Consistent pressure from all spray holes with crossing streams for more coverage.

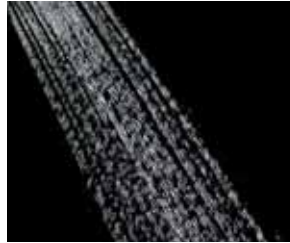

Crossing Full Spray with Massage (CFM)
Coverage of crossing full spray with addition of a soothing, pulsating spray.

Fast Massage (FM)
Strong, pulsating spray.

Full Body Spray (FB)
Consistent pressure from all spray holes.

Full Spray with Massage (FSM)
Consistent pressure from outside spray holes, plus soothing, pulsating spray.

High-Efficiency Spray (HE)
Provides full coverage and feels like greater water pressure at lower flow rates.

H₂Okinetic Spray (H₂O)
Large drops and dense, wide spray pattern create a blanket of water.

H₂Okinetic Spray with Massage (H₂OM)
Large drops and dense spray pattern, plus a pulsating spray.

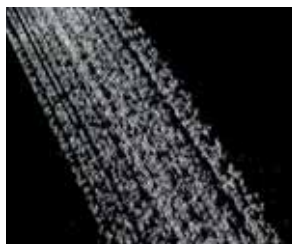

Massage Spray (M)
Soothing, pulsating spray.

Pause (P)
Reduces water flow to a trickle.

Shampoo Rinsing Spray (SR)
Strong, full body spray.

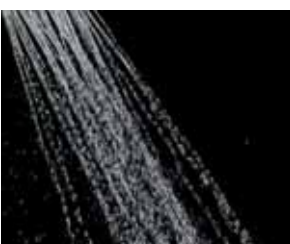

Shampoo Rinsing with Massage (SRM)
Strong, full body spray plus a pulsating spray.

Slow Massage (SM)
Soothing, pulsating spray.

Soft Drench Spray (SD)
Soft, aerated, soaking flow of water.

Soft Drench with Full Spray (SDF)
Soft, aerated, soaking flow of water with additional sprays to provide fuller coverage.

Soft Drench with Massage (SDM)
Drenching full spray plus a pulsating spray.

Soft Full Spray (SF)
Soft, consistent pressure from all spray holes.

Soft Rain Spray (SRS)
Gentle fall of water that feels like a soft, spring rain.
