

# **Eagle Series**2nd Generation LED Area Light

PROJECT INFORMATION					
JOB NAME					
FIXTURE TYPE	Eagle Series				
CATALOG NUMBER	SLPM				
APPROVED BY					

# SPECIFICATIONS

#### Construction:

Designed for commercial and industrial applications, providing cooler operating temperatures, brighter light and longer LED life. The die cast aluminum housing utilizes external airflow fins allow for greater heat dissipation. The easy access driver compartment is a thermally independent compartment, separate from LED generated heat, for cooler operation and longer driver life.

#### **Optics:**

Atlas Eagle Series fixtures utilize precision engineered individual lenses for maximum light intensity. The lens is made of optical grade polycarbonate. Advanced one piece optic board engineered for maximum light intensity. Types II, III, V and Forward Throw distributions are available. Types II, III and Forward Throw optics are rotatable allowing for optimal placement of the fixtures on the perimeter of any layout.

#### Mounting:

The easy mount bracket makes installation to any style pole quick and easy. Tenon and other mounting accessories also available. For round poles 500-SLPMRPA is required.

#### **Thermal Management:**

Atlas Eagle Series fixtures are designed as a complete system to optimize LED life and light output. The thermal stacking heat removal technology extracts heat from within the housing moving it away from LEDs and components. The lower temperatures result in long LED life (200,000+ hrs¹) and component life and also allows for higher light output.

#### Listings:

Luminaire is certified to UL/cUL Standards for Wet Locations DesignLights Consortium qualified luminaire, eligible for rebates from DLC member utilities. See chart on last page for qualifying products.

**AC Input:** 120/208/240/277/347/480 V

#### Driver:

Constant current, 120-277 VAC, 50-60 Hz High Eciency – min. 88% O-State Power: 0 Watts 0-10 V Dimming

#### I EDe

Available in 4000K, 4500K and 5000K, CCT Epoxy Guard™ protective conformal coated boards

#### **Reduced Glare:**

Positioning of the LED modules within the housing result in light directed to desired locations and reduces oensive light.

#### Testing

Atlas LED luminaires have been tested by an independent laboratory in accordance with IESNA LM-79 & LM-80.

Warranty: Five-year limited warranty

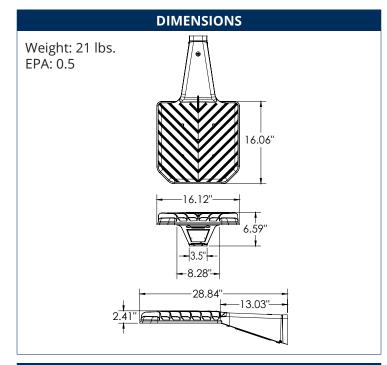

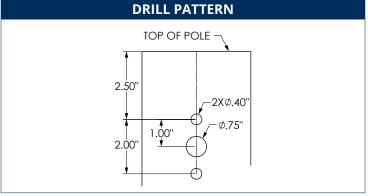

#### For round poles **500-SLPMRPA** is required.

Rebates and Incentives are available in many areas. Contact an Atlas Representative for more information.

<sup>1</sup>LED Life Span Based Upon LM-80 Test Results

Atlas Lighting Products, Inc.

PO Box 2348 | Burlington, NC 27216 800-849-8485 | fax: 1-855-847-2794 | www.atlasled.com \*The majority of Atlas Lighting Products are assembled in USA facilities by an American Workforce utilizing both Domestic and Foreign components. Meets Buy American requirements within the ARRA.
