

LDVI[®] 6x4 Bulk Pack, 40 pcs

6" to 4" Radon couplers, bulk, 40 pcs

Item #: 95911

LDVI anti-vibration couplers help make a radon active soil depressurization (ASD) system installation quieter by providing superior vibration isolation.

- Designed specifically for Radon mitigation applications
- Low Durometer Vibration Isolation
- Ledge holds the pipe in place
- Ledge prevents direct pipe-fan contact
- Ledge prevents from turbulent air inside coupler
- Superior noise vibration isolation
- Soft and flexible material

The bulk pack contains 40 anti-vibration couplers. LDVI 6x4 couplers are used with Rn2X, Rn3, or any industry 6" fans.
