ABOUT JB PRODUCTS

Located in South Bend, Indiana, JB Products, a Federal Process Company, has manufactured and distributed quality products for the conventional plumbing wholesale, manufactured housing and recreational vehicle and OEM markets for nearly 40 years.

QUALITY ASSURANCE

Quality is fundamental at JB Products. These valves and arresters are manufactured from a high-grade engineered polymer (Acetal). Below are some of the highlights of our stringent quality control process:

- 100% testing of every unit – no batch testing
- Water Hammer Arresters are tested at 400 PSI
- Valves are tested at 200 PSI
- All products are certified by listing agencies – ASSE, IAPMO, ICC, and NSF
- All products meet the Low Lead/No Lead standards
- Made in the USA manufacturer

CLEANING AND CARE INSTRUCTIONS

- 1) Do not use cleansers, harsh alkali, or acid based detergents.
Cleaning products with a abrasive pad or scrub sponge voids the warranty which includes PVD finishes, POM material, and chrome finishes.
- 2) Liquids like coffee or vinegar lying in the bottom of the sink basin will stain finishes.
- 3) To prevent water spotting, always wipe finishes dry with a clean soft cloth.
- 4) For normal cleaning, just wipe with a damp cloth and dry with a soft cloth. If necessary, regular glass cleaner can be used.
- 5) Use of plumbers putty on POM material strainers and disposal trims will void the warranty.

CONDITIONS OF SALE

This catalog contains product specifications of certain products sold by JB Products. JB Products may, from time to time, discontinue, change, or otherwise modify without notice any of the products listed herein. Possession of our catalog is not to be construed as an offer to sell the goods listed herein.

Transportation

Freight charges may be prepaid on certain dollar amounts for a shipment to one destination in the continental United States. Otherwise freight terms are F.O.B. South Bend, Indiana.

Broken Cartons

Broken cartons are usually not allowed. Items should be ordered in multiples of standard package quantities. Product orders for less than standard package quantities may be increased to standard package quantities.

Minimum Order – no order will be processed for less than a \$50 invoice minimum charge.

Shortage or Variance

No claims for variances from or shortages in orders will be considered unless presented within 2 days after receipt of goods.

Returned Goods

Merchandise may not be returned for credit unless the Seller has agreed to accept them in writing. Where returns are accepted a minimum deduction of 20% will be made for handling. All transportation costs for returned goods must be paid by the Buyer. In any event, only saleable merchandise of standard manufacture may be returned for credit.

JB PRODUCTS WARRANTY

JB PRODUCTS warrants to its immediate customers that goods shown and described in this catalog will be free from defects in material and workmanship, under normal usage and service for **one year*** from the date of JB Products invoice to its immediate customer's place of business where the goods were originally shipped by JB PRODUCTS.
