

Cable Entry Device with Slotted Cover

New to The SCOOP™ series of Entrance Plates and Hoods

CED130 installed in the low voltage side of Arlington's two-gang TVBU505 TV Box

The new **CED130** Cable Entry Device with Slotted Cover is the newest product in Arlington's SCOOP™ series of entrance plates and hoods.

It provides an aesthetically pleasing installation, while organizing and protecting low voltage cable against abrasion.

Plus, mounting holes allow you to attach a decorator-style wall plate to the low voltage side of an electrical box, while providing extra support to the installation.

- Non-metallic
- Organizes low voltage cable in a neat bundle
