

Southwire[®]

CCPR400

RATCHETING CABLE CUTTER

The hardened steel blades ensure consistent cuts and long-term durability, while the rounded blade design minimizes cable distortion during cutting.

HEAVY DUTY
Replaceable hardened steel-cutting blades provide long lasting cutting of copper and aluminum wire

EASY TO USE
Quick-release lever opens blade at anytime during operation

COMFORTABLE GRIP
Molded grip for stability and leverage when making cuts

ADJUSTABLE
Cuts up to 750 kcmil copper and 1000 kcmil aluminum cables

EFFICIENT
Two-step ratcheting mechanism for fewer strokes per cut
