

# LED Emergency Battery Pack EBPLED

# Sure-Lites

Eaton's Emergency Battery Pack LED (EBPLED) is the only unit that enables electrical contractors to add a UL924 code compliant emergency option to an existing LED fixture with guaranteed quality and compatibility in Eaton products.

# Field Installable LED Emergency Battery Pack

## Meet emergency code without sacrificing aesthetics utilizing existing fixtures

- Eliminates traditional emergency lights with a UL924 solution for existing LED fixtures
- Field installation provides emergency lighting design flexibility at the job site
- 7-watt and 14-watt options provide from 600 to 1800 lumen output in emergency mode

## Maximum design and project flexibility with NEW field installation capability

- UL 924 classification for field installation
- Universal voltage input from 120V through 277V, automatic output voltage sensing ensures compatibility with a wide range of fixtures
- Satisfy all wiring configurations as conduit and test button are included

## Eaton quality and ease of maintenance

- Guaranteed performance with Eaton LED lighting fixtures
- Laser test option enables simplified monthly testing
- 5-year warranty

## Ordering Information

Sample Number: **EBPLED7W**

### Series

**EBPLED**= LED Emergency Battery Pack

### Output

**7W**= 7 Watt

**14W**= 14 Watt
