**NSW-661PC**  
**Mini LED Step Light with Photocell**  
**Horizontal and Vertical Louvered Face**  
 Lamp: 1.08 Watts LED Source

**PRODUCT DESCRIPTION**

Nora's Mini LED Step Lights with an integrated Photocell use the latest in technology in solid state lighting. The energy saving photocell allows the step lights to turn on in the evening and off in the morning. Mini Step Lights are available with louvered or lensed face and can be easily installed in a standard single gang switch box. Louvered units include both a horizontal and vertical louver.

**CONSTRUCTION**

**Mounting**

Easily installs in a standard single gang switch box.

**Source**

9 LEDs for a total of 1.08 Watts (0.12W each)  
 Color Temp: 3000K

**LED Driver**

120VAC, 50/60Hz

**Wiring**

Standard wire nuts (not included). #18AWG, rated 105°C 300V.

**Photocell**

Photocell sensor comes pre-installed onto the step light's face. The energy savings dusk to dawn feature turns the LEDs on in the evening and off in the morning.

**Louvered Face**

Louvered units include both a horizontal and vertical louver, so the step light can be mounted horizontally or vertically.
