

MiniRester™ HydraRester™ MegaRester™

»» Water Hammer Arrester Buying Information

Piston Design

Simplicity of design allows for the highest quality and longest life of any arrester type. Endurance tested to 500,000 cycles without failure.

Made in America

Arresters are made in the USA with all-American copper, brass and stainless steel materials.

Connection Options

Sioux Chief's unique ability to provide a wide variety of connection options saves the installer time and money, while eliminating costly transition joints.

Certified

Arresters are certified by ASSE to the ASSE 1010 Standard, satisfying the requirements of all model codes.
