

UP TO 97% AFUE FURNACES

The Ameristar line of heating and cooling products offers you flexible and affordable options for HVAC equipment replacement. The Ameristar product line should complement the national brand you are selling and provide an opportunity to capture additional volume and market share with today's budget-conscious consumers.

- All furnace models feature a standard silicon nitride igniter.
- Ameristar furnaces are built for flexibility to suit varied installations.
- M95V2 models certified to leak 2% or less
- Furnace models feature aluminized steel heat exchangers to conduct heat quickly and increase durability.
- Furnaces are fully convertible to either natural gas or propane, making them suitable for use in any area.
- M95V models meet EnergyStar requirements.
- Galvanized steel cabinets resist corrosion.
